## About the Service

The Expand Essential Investment IDPS has a number of different membership categories. The terms governing the relationship between you and us in relation to the asset custody and transactional services and the rights, entitlements and obligations of you and us are contained in this Offer Document and, depending on your membership category (refer to page 19), of the relevant Deed Poll. You can request a copy of the relevant Deed Poll free of charge from us.

## About the Service Operator and Custodian

The Service Operator, NAL is a part of the Insignia Financial Group comprising Insignia Financial Ltd ABN 49 100 103 722 and its related bodies corporate (Insignia Financial Group).

As the Service Operator, NAL operates and administers Expand Essential Investment on the terms and conditions outlined in this Offer Document.

NAL undertakes all of the administrative tasks for Expand Essential Investment through Oasis Asset Management Limited (OAM) ABN 68 090 906 371. NAL has investment and service contracts with related parties within the Insignia Financial Group, including OAM. IOOF Investment Services Ltd ABN 80 007 350 405 AFSL 230703, a related party of the Service Operator, has been appointed as custodian, meaning it holds the assets of Expand Essential Investment on behalf of NAL.

We have policies in place that contain appropriate measures to identify, document and manage conflicts when appointing these companies.

The Service Operator is solely responsible for the content of this Offer Document and was prepared by us based on our interpretation of the relevant legislation as at the date of issue.

Investments into managed investments acquired through Expand Essential Investment do not represent assets or liabilities of the Service Operator or any other company or business within the Insignia Financial Group.

We may refuse an application to join Expand Essential Investment without providing reasons for the refusal. An applicant becomes a client in Expand Essential Investment when we accept the application and record them as a client in our records. Investments made into the investment options are subject to investment and other risks. This could involve delays in the repayment of principal and loss of income or principal invested.

Where an investment option is issued by an Insignia Financial Group related entity, the fees received by the Insignia Financial Group entities are charged in accordance with the constitutions of the investment options.

## General advice warning

The information contained in this Offer Document is of a general nature only and does not take into account your individual objectives, financial situation or needs. You should consider the appropriateness of this information having regard to your objectives, financial situation and needs and you may want to seek advice from a financial adviser before deciding to invest through Expand Essential Investment.

Identifying the right investment strategy for you can be complex and risky without professional assistance. We recommend that all clients consider obtaining and maintaining professional financial and/or tax advice prior to and during investing in Expand Essential Investment.

## Disclaimer

Neither Service Operator, nor any other related or associated company, the third parties named in this Offer Document, service providers or the related bodies corporate of the parties mentioned, guarantee the repayment of capital or the performance or any rate of return of the investment options acquired through Expand Essential Investment. Investments made through Expand Essential Investment into the investment options are subject to investment risks and other risks. This could involve delays in the repayment of principal and loss of income or principal invested.

# How does Expand Essential Investment work?

## Who can use Expand Essential Investment?

Expand Essential Investment is ideal for individual investors, joint investors, trustees of self managed superannuation funds and Australian resident trusts, companies and associations.<sup>1</sup>

## Making a start

You can start your investment account with a deposit of either:

- \$1,000; or
- \$500 (if you have selected a Regular Savings Plan)

Deposits made into your account are credited first to your Cash Account. Those deposits will be invested in accordance with your Standing Instructions. Further information on your Cash Account is contained in the 'Cash Account preferences' section of the **General Reference Guide**.

## What are the differences between investing directly and investing through Expand Essential Investment?

It is important to know that investing through Expand Essential Investment is not the same as holding those investments in your own right.

The Custodian will be the legal owner and registered unit holder of the assets rather than you. As such, you cannot exercise the rights of a unit holder or decline to exercise them, but you have a beneficial interest in the investment options of your portfolio. As you are not the registered owner of any of the investment options, you cannot participate in meetings of investors of the investment options, nor do you generally have any voting rights (refer to the 'Voting policy' section below for further information).

The Custodian receives all corporate notices, annual reports and other information issued by the fund managers. You may at any time request us to provide you with copies of any such communications.

If you elect to receive any such communications, we may charge you a reasonable fee for providing the communications.

See the 'Differences between investing directly and investing through Expand Essential' section in the **Investment Guide** for more information.

## Voting policy

Where we receive notices of meetings or resolutions that relate to the investment options, we do not generally pass this information on to you or your financial adviser.

We maintain a voting policy under which we generally do not offer voting rights to investors. We may attend a meeting and vote. Please contact us if you'd like a copy of our voting policy.

<sup>1</sup> Associations are not currently open to new applications.

# Making investment choices

## Your investment strategy

Expand Essential offers access to a range of investment options.

Your investment strategy should be a reflection of your attitude to investing, the level of risk you are comfortable accepting and your investment timeframe. You can obtain a list of investment options from the **Investment Menu** at [myexpand.com.au](https://myexpand.com.au). Further information about the investment options can be found in the **Investment Guide**.

## What investment options can I choose?

You may choose from the following investment options:

- A range of multi-manager managed investments.
- An SMA providing access to a range of SMA Model Portfolios.

## Managed investments

The managed investments available vary in risk, investment objectives (goals), strategies (ways of achieving those goals) and the types of assets in which investments are made.

You can normally switch between different managed investments at any time.

The list of managed investment options is set out in the **Investment Menu**. The list may change from time to time.

**i**

**Important note:** A buy-sell spread may be incurred when switching between managed investments.

## SMA

An SMA is a registered managed investment scheme that allows you access to a number of professionally constructed and managed portfolios (known as 'SMA Model Portfolios').

The SMA is only available through your financial adviser.

Information about how to invest in the SMA can be found in the **Investment Guide**.

**i**

**Important note:** More information about each investment option available is detailed in the **Investment Menu** and the PDS for the particular investment option. The information relating to investments in the **Investment Guide** and **Investment Menu** may change between the time you read the PDS and the day the Application Form is signed or submitted. The most recent updates appear on our website.

PDSs include information about performance objectives, asset allocation, costs and the risks associated with investing in a particular managed investment and must be read and considered before selecting a managed investment.

Before investing, you should consider the PDS for the investment option(s) you have selected. You can obtain a copy, at no additional cost to you, by requesting it from us by calling 1800 517 124 or by downloading directly from our website.

It is recommended you consider consulting a financial adviser prior to selecting the investment options that you would like to invest in.

# What are the risks?

All investments carry some risk. There are risks involved in investing through Expand Essential Investment as well as specific risks that may arise with your chosen investment option(s).

## Risks when investing through Expand Essential Investment

These types of risks could include the following:

- Your investment may not be sufficiently diversified if you do not spread your selection of investment option(s) across different asset classes, sectors, managers and styles.
- In the case of an investment in investment options with extended redemption periods, your ability to make a lump sum withdrawal from those managed investments may be delayed, reduced or unavailable until sufficient assets from those managed investments can be sold to fund the withdrawal.
- System failures may cause a delay in the processing of transactions to your account (or with fund managers).
- There may be a delay in purchasing or redeeming your investments if we do not receive a properly completed and authorised instruction from you.
- Delays may occur where minimum investment or withdrawal limits are imposed by fund managers.
- Economic conditions, interest rates and inflation may cause adverse investment returns.
- Changes can occur in the law governing the operation of Expand Essential Investment which may adversely affect your investment (including potentially your ability to access your investment).

These changes may also affect the operation of your account or of any investment option(s) into which you invest.

- We could be replaced as operator of Expand Essential Investment or Expand Essential Investment could be transferred to another provider. There is also a risk we may not carry out our duties properly. To minimise this risk we have implemented a number of risk management strategies and corporate governance policies and procedures to assist us to meet our obligations. We are required to perform our obligations honestly and with reasonable care and diligence.

## How can investment risk be reduced?

An important way to help reduce your investment risk is to spread your investment over a number of assets, asset classes and even different fund managers. This process is called diversification.

It is designed to help you achieve more consistent investment returns over time. Expand Essential Investment offers you a choice of investment options across all the major asset classes. When determining your investment strategy, this choice allows you to create a level of diversification in your investment portfolio. A financial adviser can help you understand the various types of investment risk and assess which investment options are appropriate for your specific requirements considering your risk tolerance and risk/return investment objectives.

**Warning:** When making a choice about the investment option(s) that best suit you, you should consider the likely investment returns, risks and your investment timeframe.

## Risks that may affect your investment options

These types of risks are summarised in the following table.

Type of risk	Explanation
Company or security-specific risk	Company or security-specific risk refers to the many risks that can affect the value of a specific security (such as a listed share).
Concentration risk	The risk of poor performance or loss that may occur from having a large portion of an investor's holding in a single investment, asset class or market segment relative to the investor's overall portfolio. Diversification generally reduces the impact of any single investment or asset type negatively affecting the value of an investor's overall portfolio.
Credit risk	Credit risk is the risk of a decline in the credit quality of a fixed interest security or the ability of the issuer to pay the interest or principal on that security, adversely affecting the value of that security and resulting in a financial loss. Where money has been lent, there is the risk that the borrower will not pay the interest and/or repay the principal owing. For borrowers or issuers with lower credit ratings this risk is generally higher.
Currency risk	Investments in international markets can be exposed to changes in exchange rates. If foreign currencies fall in value relative to the Australian dollar, they have an adverse impact on investment returns from investments denominated in those currencies, if those currencies are unhedged.
Derivative risk	The risk associated with the use of financial derivatives including an adverse movement in the asset or index underlying the derivative, the possibility of a derivative position being difficult or costly to reverse, or that the parties do not perform their obligations under the contract. Gains and losses from derivative transactions can be substantial.
Fund manager risk	Each managed investment option has one or more fund managers to manage the investments. There is a risk that the fund manager may not perform to our expectations, meet its stated objectives or under-perform as compared to other fund managers.
Gearing risk	Gearing magnifies returns or losses and hence increases the volatility of returns. Geared investments may significantly underperform equivalent non-geared investments when the underlying assets experience lower than expected or negative returns and in extreme market declines, all capital invested could be lost.
Inflation risk	The risk that money may not maintain its purchasing power due to increases in the price of goods and services (inflation).
Interest rate risk	The risk that the value of a fixed income investment, such as a semi-government bond, will decrease because of an increase in interest rates or changes in interest rate spreads.
Legal and regulatory risk	Changes in laws or their interpretation, including taxation and corporate regulatory laws, practice and policy could have a negative impact on your investment.
Liquidity risk	Liquidity risk is the risk that a investor may be unable to redeem their investment into cash at their chosen time, or faces a loss in the event that an investment is redeemed. Liquidity risk arises when it is difficult to sell an investment at short notice without resulting in a loss or a reduction in the value of the investment. For a managed fund, in exceptional circumstances the responsible entity may extend the redemption period to beyond 1 month.
Longevity risk	The risk associated with outliving retirement assets.
Margin lending risk	Investment losses will be magnified by the use of borrowing (ie margin loans), resulting in greater potential losses. Margin loans are also subject to borrowing costs which may reduce returns and to margin calls by margin lenders. Further information on margin lending is provided in the <b>General Reference Guide</b> .
Market risk	Investment returns are influenced by the performance of the market overall. Unexpected changes in conditions (such as economic, technological or political developments) can have a negative impact on the returns of all investments within a particular market.
Political risk	The risk of political upheavals or government policy changes adversely impacting on domestic and international investments.
Portfolio risk	Your financial adviser or SMA Model Portfolio manager (where applicable) may be unsuccessful in meeting the investment objectives of the model portfolio they provide for you.
SMA risk	The risks of investing in an SMA are equivalent to the risks of making similar investments in managed and listed investments. You can get more information by going to the SMA PDS at <a href="https://myexpand.com.au/sma">myexpand.com.au/sma</a>
Specific asset risk	There are risks associated with specific assets, for example certain managed funds may use leverage (borrowing to invest), undertake short selling (selling listed securities they don't actually own) or invest in sophisticated financial products such as derivatives, futures, foreign exchange contracts and options. Use of these methods could cause large losses in proportion to the money invested in them. Before selecting these types of assets as part of an investment strategy, investors must read the relevant PDS or disclosure document.
Volatility risk	Generally, the higher the potential return for the investment, the higher the risk, and the greater the chance of substantial fluctuation in returns (including the possibility of losses) that may occur over time. Equity markets may experience sharp declines and become more volatile, at times to very high levels. Investing in such volatile conditions implies a greater level of risk than an investment in more stable markets.

## Fees and other costs

### Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better investor services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your adviser.

### To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC) Moneysmart** website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed funds fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of your investment as a whole.

Taxes are set out in another part of this document. Further information on taxes can be found in the 'How your investment account is taxed' section of the **General Reference Guide**.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

## Fees and costs summary

### Expand Essential Investment

Type of fee or cost	Amount	How and when paid						
Ongoing annual fees and costs								
<b>Management fees and costs</b>  The fees and costs for managing your investments <sup>2</sup>	<b>Administration Fee</b>	The Administration Fee is a percentage-based fee calculated daily on your account balance <sup>3</sup> . It is charged monthly in arrears and is deducted from your Cash Account at the end of each month.						
	<table><tr><th>Part of your account balance</th><th>Administration Fee (pa)</th></tr><tr><td>First \$800,000</td><td>0.10% (or \$1.00 per \$1,000 invested)</td></tr><tr><td>Above \$800,000</td><td>Nil</td></tr></table>		Part of your account balance	Administration Fee (pa)	First \$800,000	0.10% (or \$1.00 per \$1,000 invested)	Above \$800,000	Nil
	Part of your account balance		Administration Fee (pa)					
	First \$800,000		0.10% (or \$1.00 per \$1,000 invested)					
	Above \$800,000		Nil					
Maximum Administration Fee of \$800 pa (excluding Account Keeping Fee).								
<b>Account Keeping Fee</b> \$78 pa.	The Account Keeping Fee is the dollar-based fee charged monthly in arrears and is deducted from your Cash Account at the end of the month. Where you are only a client for a portion of the month, the Account Keeping Fee will be charged on a pro-rata basis.							
<b>Interest retained on Cash Account</b>  Interest is also retained on your cash account, estimated between 0.50% and 1.40% pa on the balance of the Cash Account <sup>4</sup> .	We retain a part of the interest that is earned on the Cash Account. The interest retained is the difference between the net rate of interest we credit to your Cash Account and the total interest earned in relation to pooled assets of the Cash Account. Note, the target net interest rate to be credited to your Cash Account is subject to change in line with the rate we receive from the relevant Authorised Deposit-taking Institution or changes to interest retained.							
<b>Investment fees and costs</b>  The Service Operator does not charge investment fees and costs for Expand Essential Investment. The fees and costs charged by us relate only to gaining access to the underlying funds through Expand Essential Investment and do not include the fees and costs that relate to investing in investment options.  Investment fees and costs will apply and the amount of these fees and costs will depend on the investment options selected by you from the <b>Investment Menu</b> .	Generally calculated as a percentage of the amount you have invested in an investment option. It is not usually deducted from your account but is generally incorporated into a unit price or deducted from the cash component of the investment option.  The most recent Investment fees and costs can be obtained from the relevant PDS for each investment option available at <a href="https://myexpand.com.au">myexpand.com.au</a>							
<b>Performance fees<sup>3</sup></b>  Amounts deducted from your investment in relation to the performance of the product	As Service Operator, we do not charge performance fees, however a fund manager may charge a performance fee for a particular managed investment when the investment return generated by the managed investment exceeds a specific criteria or benchmark.	Generally calculated as a percentage of the amount you have invested in an investment option. It is not usually deducted from your account but is generally incorporated into a unit price or deducted from the cash component of the investment option.  The most recent Performance fees can be obtained from the relevant PDS for each investment option available at <a href="https://myexpand.com.au">myexpand.com.au</a>						

<sup>2</sup> Please refer to 'Additional explanation of fees and costs' section on page 13 for further information on transaction costs and performance fees, and other fees such as Advice Fees.

<sup>3</sup> Your account balance comprises your Cash Account together with the value of your investment options.

<sup>4</sup> The interest we retain on pooled Cash Account assets is considered an indirect cost for administering your Cash Account. It is not deducted from your Cash Account directly, but through the interest generated from its underlying investments prior to crediting the 'net' interest to your Cash Account. The interest retained is subject to change.

Type of fee or cost	Amount	How and when paid
<b>Ongoing annual fees and costs (continued)</b>		
<b>Transaction Costs<sup>3</sup></b> The costs incurred by the scheme when buying or selling assets	As Service Operator, we do not charge any transaction costs, however transaction costs will apply and the amount of these transactions costs will depend on the investment options selected by you from the <b>Investment Menu</b> .	Generally calculated as a percentage of the amount you have invested in an investment option. It is not usually deducted from your account but is generally incorporated into a unit price or deducted from the cash component of the investment option.  The most recent Transaction Costs can be obtained from the relevant PDS for each investment option available at <a href="http://myexpand.com.au">myexpand.com.au</a>
<b>Member activity related fees and costs (fees for services or when your money moves in or out of the product)<sup>3</sup></b>		
<b>Establishment fee</b> The fee to open your investment	Nil	Not applicable
<b>Contribution fee<sup>5</sup></b> The fee on each amount contributed to your investment	Nil	Not applicable
<b>Buy-sell spread<sup>6</sup></b> An amount deducted from your investment representing costs incurred in transactions by the scheme	We do not charge buy-sell spreads, however buy-sell spreads will apply to the managed investments you select (and to managed investments within a SMA model portfolio). The amount of the buy-sell spread will depend on the managed investments selected by you from the <b>Investment Menu</b> .	Generally calculated as a percentage of the amount you have invested in an investment option. It is not usually deducted from your account but is generally incorporated into a unit price or deducted from the cash component of the investment option.  The most recent Buy-sell spreads can be obtained from the relevant PDS for each investment option available at <a href="http://myexpand.com.au">myexpand.com.au</a>
<b>Withdrawal fee<sup>6</sup></b> The fee on each amount you take out of your investment	Nil	Not Applicable
<b>Exit fee<sup>6</sup></b> The fee to close your investment	Nil	Not Applicable
<b>Switching fee</b> The fee for changing investment options	Nil	Not Applicable

It is important that you understand the fees of any investment option selected by you, which appear on our **Investment Menu** in the relevant PDS for each investment option. These fees will be in addition to any fees charged for Expand Essential Investment and any costs incurred on behalf of you.

<sup>5</sup> This fee includes an amount payable to an adviser.

<sup>6</sup> Buy-sell spreads – when you move money in or out of Expand Essential Investment or when you make a switch, you may also incur a buy-sell spread which is included in the unit price of the managed investment you choose. See 'Transaction costs' section on page 13 of this Offer Document or the PDS for the particular managed investment for more details.

## Example of annual fees and costs for a balanced investment option or other investment option

This table gives an example of how the ongoing annual fees and costs in the MLC MultiSeries 70 investment option through this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by other investment platform products.

EXAMPLE – MLC MultiSeries 70		Balance of \$50,000 with a contribution of \$5,000 during the year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged <b>\$0</b> .
<b>PLUS</b> Management fees and costs	Administration Fee of 0.10% x \$50,000 Account Keeping Fee of \$78 Investment fees and costs <sup>^</sup> of 0.450% x \$50,000	<b>And</b> , for every \$50,000 you have in the MLC MultiSeries 70, you will be charged or have deducted from your investment <b>\$352.80</b> each year
<b>PLUS</b> Performance fees	Nil	<b>And</b> , you will be charged or have deducted from your investment <b>\$0</b> in performance fees each year
<b>PLUS</b> Transaction costs	0.06%**	<b>And</b> , you will be charged or have deducted from your investment <b>\$29.70</b> in transaction costs
<b>EQUALS</b> Cost of investing in MLC MultiSeries 70 through Expand Essential Investment		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of <b>\$382.50*</b> .  <b>What it costs you will depend on the investment option you choose and the fees you negotiate.</b>

\* Additional fees may apply.

This is an example only and the fees and costs may vary for your actual investment. For more information, please refer to the product disclosure statement of the managed investments selected by you.

<sup>^</sup> For the purposes of this example we assume a balance of \$500 is held in the Cash Account and \$49,500 in MLC MultiSeries 70. The estimated investment fees and cost for MLC MultiSeries 70 is 0.44% pa and the estimated interest retained on the Cash Account is 1.40% pa as at 30 June 2024 and are subject to change from time to time.

\*\* The estimated net transaction costs for MLC MultiSeries 70 is based on the financial year to 30 June 2024 and subject to change from time to time.

**Note:** This example assumes the \$5,000 deposit occurred at the end of the first year therefore it does not include the management costs on the additional \$5,000 invested, nor does it take into account any movement (up or down) in the value total amount invested. When preparing this example Investment fees and costs have been rounded up to three decimal places.

You should read the important information about 'Fees and other costs' on page 8 of this **Offer Document** before making a decision. The material relating to 'Fees and other costs' may change between the time when you read this **Offer Document** and the day you acquire the service.

## Example of total annual fees and costs using the full investment menu for a \$250,000 balance

Fees and costs charged by Expand Essential Investment relate to the platform and access to the underlying investments only, and do not include the fees and costs that relate to investing in the underlying investments selected by you. Additional fees and costs will be charged by the issuers of the underlying investments that you decide to invest in. Please refer to the example below that illustrates the combined effect of fees and costs of a \$250,000 portfolio.

This table gives an example of how the combined effect of the ongoing annual fees and costs using a choice of investments

can affect a \$250,000 investment over a 1-year period. You should use this table to compare this investment product with other investment products.

Investment held	Account balance
Cash Account	\$2,500
Managed Investment 1	\$147,500
Managed Investment 2	\$50,000
SMA Model Portfolio 1	\$50,000
<b>TOTAL</b>	<b>\$250,000</b>

EXAMPLE – Expand Essential Investment using a range of investments on the Investment Menu		Balance of \$250,000 with a contribution of \$5,000 during the year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged <b>\$0</b>
<b>PLUS</b> Management fees and costs	Administration Fee of \$250,000 x 0.10% Account Keeping Fee of \$78 Investment fees and costs of 0.646% <sup>^</sup> x \$250,000 (equal to: \$147,500 x 0.60% (Managed Investment 1) + \$50,000 x 0.70% (Managed Investment 2) + \$50,000 x 0.60% (SMA Model Portfolio 1) + \$2,500 x 1.40% (Interest retained on Cash Account))	<b>And</b> , for every \$250,000 you have in Expand Essential Investment, you will be charged or have deducted from your investment <b>\$1,898.00</b> each year
<b>PLUS</b> Performance fees	Nil	<b>And</b> , you will be charged or have deducted from your investment <b>\$0</b> in performance fees each year
<b>PLUS</b> Transaction costs	Managed Investment 1 of (\$147,500 x 0.06%) Managed Investment 2 of (\$50,000 x 0.08%) + SMA Model Portfolio 1: (\$50,000 x 0.13%)	<b>And</b> , you will be charged or have deducted from your investment <b>\$193.50</b> in transaction costs
<b>EQUALS</b> Cost of Expand Essential Investment		If you had an investment of \$250,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of <b>\$2,091.50*</b> for Expand Essential Investment. <b>What it costs you will depend on the investment options you choose and the fees you negotiate.</b>

\* Additional fees may apply. This is an example only and the fees and costs will vary depending on the investments selected by you. For more information, please refer to the PDS of the investments selected by you.

<sup>^</sup> The investment fees and costs for Expand Essential Investment are based on the weighted average of the investment fees and costs of the portfolio. Assumes that the estimated investment fees and cost for Managed Investment 1 is 0.60% pa, the estimated investment fee and cost for Managed Investment 2 is 0.70% pa and the estimated fee and cost for SMA Model Portfolio 1 is 0.60% pa.

- Assumes that the transaction cost for Managed Investment 1 is 0.06% pa, the transaction cost for Managed Investment 2 is 0.08% pa and that the transaction costs for SMA Model Portfolio 1 is 0.13% pa.
- For this example, the contribution of \$250,000 is made at the start of the year.
- This example assumes the \$5,000 contribution went into Expand Essential Investment at the end of the first year therefore it does not include the management costs on the additional \$5,000 invested, nor does it take into account any movement (up or down) in the value total amount invested.

## Additional explanation of fees and costs

This section explains the fees and costs set out in the Fees and costs summary. It also provides a brief explanation about any additional fees and costs that may apply to your account. The fees and costs for each underlying investment option offered by the entity, appear on our website in the relevant PDS for each investment option. To understand all the fees and costs that may be payable under a particular investment strategy, you should look at this Offer Document and the relevant PDS for each investment option.

### Management fees and costs

The management fees and costs are made up of the Administration Fee (including the Account Keeping Fee), interest-retained on the Cash Account and investment fees and costs of the managed investment selected by you.

### Administration Fee

This fee is the percentage-based component and it includes all administration and other expenses we incur, excluding any Advice Fees (outlined in the following pages) and the fees and costs charged by the fund managers for each managed investment (such as investment fees and costs, transaction costs, buy-sell spread and any performance fee).

### Account Keeping Fee

This dollar-based component is the fee for the general administration of your account. This includes annual reporting and any changes to your account details.

### Your fees may be different

In certain circumstances, your fees may be different from those described in this **Offer Document**. This may occur in limited circumstances where your account was opened as a result of a transfer initiated by the Service Operator into Expand Essential Investment. If this is the case, the actual Fees and costs that apply to your account will be shown by downloading the 'Fees summary' report from Expand Online, or can be confirmed by contacting your financial adviser or contacting us.

If you subsequently transfer your account to a new account within Expand Essential Investment, your fees will revert to those disclosed in the **Offer Document** current at the time of the transfer.

## Investment fees and costs

The Service Operator does not charge investment fees and costs. However, investment fees and costs will apply and the amount of these fees and costs will depend on the investment options selected by you. Refer to the PDSs for the underlying investment options available at [myexpand.com.au](http://myexpand.com.au)

Where applicable, an estimate of the investment fees and costs for your investment options will be shown in your annual statement.

### Performance fees

As Service Operator, we do not charge any performance fees. However, a fund manager may charge a performance fee for a particular managed investment when the investment return generated by the managed investment exceeds a specific criteria or benchmark referred to in the Fee Table as a 'performance fee'.

How performance fees are charged will vary between managed investments, as different calculation methods are adopted and different performance targets are set by each individual fund manager. A fund manager would normally incorporate the cost into the unit price of the managed investment. The unit price may reduce as a result of performance fees or increase as a result of negative performance fees.

The underlying fund managers that can charge a performance fee are outlined in the **Investment Menu**. Any applicable performance fee is included in the investment fees and costs stated in the **Investment Menu** and is current at the date of publication. For up-to-date information please refer to the relevant PDS for each investment option.

### Transaction costs

Transaction costs may also be incurred in managing the investment options selected by you. These transaction costs may include brokerage, settlement costs, clearing costs, stamp duty, and custody costs. The costs of trading in derivatives may also give rise to transaction costs.

### Transaction costs – managed investments

Transaction costs are in addition to investment fees and costs but are not charged separately to your account – they are generally included in the unit prices of each managed investment. The transaction costs that applies to each managed investment can change from time to time. Details of the transaction costs applicable to each investment option are outlined in the **Investment Menu**, and the PDS and/or other disclosure documents issued by the fund manager for the particular managed investment, which are available on our website.

In addition, some managed investments have a difference between their entry (buy) and exit (sell) unit prices and this is referred to as the buy-sell spread. This difference is an allowance for the transaction costs (such as brokerage, clearing and settlement costs and stamp duty, if applicable) of buying and selling the underlying securities/assets incurred by the fund manager of the particular managed investment.

The buy-sell spread (if applicable) is incurred when you purchase or redeem units in a managed investment (at the time of a switch or when you move money in or out of your account) and is in addition to investment fees and costs and performance fees. However, the buy-sell spreads are not charged separately to your account – they are generally included in the unit prices of each managed investment. The buy-sell spread that applies to each managed investment can change from time to time. Details of the buy-sell spread (or how to obtain the current buy-sell spread) applicable to each managed investment are outlined in the PDS issued by the fund manager for the particular managed investment which are available at [myexpand.com.au](http://myexpand.com.au)

## Transaction costs – SMA

When listed investments within an SMA are bought and sold, brokerage and settlement costs will be incurred. These will be deducted from the cash holding within your SMA Model Portfolio on settlement of the transaction.

Transactions costs and buy-sell spreads may also apply to underlying investments within your SMA Model Portfolio.

You can get more information on these fees and costs by going to the SMA PDS which is available at [myexpand.com.au](http://myexpand.com.au)

## SMA related fees and costs

The fees you pay for investing in SMA Model Portfolios will be set out in the PDS of the SMA.

Any SMA Management Fee will be deducted from the cash account managed by your SMA provider and deducted on the last day of the month.

Where the fee cannot be deducted from the SMA's cash account (for example, you exit the SMA Model Portfolio mid-month) you authorise us to obtain that payment from your Cash Account.

## Advice Fees

You can request that we acquire and pay for the services of a financial adviser selected by you to provide financial advice services in relation to your Expand Essential account. The following optional fees are available for you to select the most appropriate remuneration with your financial adviser:

- Advice Fee – Ongoing
- Advice Fee – Fixed Term Arrangement (FTA)
- Advice Fee – One-Off.

You may agree to one or more of these options. For each option, we set a maximum amount that we will pay to the financial adviser. You and the financial adviser must agree on the amount of each Advice Fee within these relevant limits. The amount of any Advice Fee(s) that we pay to the financial adviser, as authorised by you, will be an additional cost to you and charged against your account. We shall not charge an Advice Fee unless you tell us to do so. Any agreed Advice Fee(s) will be charged by us to your account and paid in full to the financial adviser, until you instruct us to cease payments, or in the case of an individual, we are notified of your death. For

individuals, if charged, any Advice Fees will be refunded back to the beginning of the month of your death.

NAL, as Service Operator of your account, is required to obtain specific written consent before a fee for financial advice can be deducted from your account. You are not under any obligation to consent to the fee being deducted.

The Advice Fees quoted in this section are inclusive of GST.

The law prohibits advisers from charging percentage-based Advice Fees to retail clients calculated on amounts borrowed to buy assets for the client. This may be relevant if you have gearing on account assets. NAL is not responsible for ensuring your adviser complies with this restriction. On termination of an Advice Fee arrangement, accrued but deducted Advice Fees may be deducted after the termination date.

If appropriate, the Service Operator may review the arrangements in place with your financial adviser and request further documentation from your financial adviser to support any Advice Fees in place.

## Advice Fee – Ongoing

You can agree to have this Advice Fee to be deducted based on the value of your account and/or a fixed dollar amount on an ongoing basis. An Advice Fee - Ongoing will have a specified start date and end date. Note: The consent end date cannot be more than 12 months plus 150 days after the date the investor consents, or where the investor has agreed to the ongoing fee arrangement commencing on a different start date, 12 months plus 150 days from that date. This amount is charged by us and we deduct the cost from your account. We then pay the full amount to the financial adviser for ongoing financial advice and services provided to you in relation to your account. You can agree with the financial adviser on the amount of this fee which can be:

- flat percentage fee of up to a maximum of 2.2% per annum (inclusive of GST) of your account balance (calculated daily), or
- tiered percentage fee up to a maximum of 2.2% per annum (inclusive of GST) to apply at different account balance (calculated daily) subject to a maximum of 7 tiers, and/or
- flat dollar fee of up to a maximum of \$18,000 per annum (inclusive of GST).

The amount of this fee is calculated based on your daily balance and/or the number of days in the financial year in which you've been an investor in Expand Essential and is deducted from your Cash Account on the last day of each calendar month. For example, on an average monthly account balance (over 12 months) of \$50,000, we would pay the financial adviser up to a maximum of \$1,100 per annum (based on an Advice Fee – Ongoing of 2.2% per annum) (inclusive of GST).

Whilst the Advice Fee – Ongoing can continue indefinitely, we will require your consent to continue the fee every year. Your financial adviser will arrange for this annual renewal each year. If we do not receive your consent by the 'consent end date' as

advised when the fee was established or last renewed, your Advice Fee – Ongoing will cease.

Ongoing advice fees are calculated based on financial years. Where a financial year includes an additional day due to a leap year, your advice fees will be calculated using 366 days for that financial year. Where you have agreed to a flat dollar fee with your financial adviser the total deduction over a full financial year will equal the agreed fee. There will be a variation to the advice fee deducted where the dates of your fee arrangement fall outside of a financial year.

### Advice Fee – Fixed Term Arrangement (FTA)

You and your adviser may agree for a fee to be charged for financial advice services that are to be provided within a fixed period. An Advice Fee – FTA will have a specified start date and end date, where the end date cannot be more than 12 months from the start date. If the FTA arrangement period includes a leap day it will be factored into the calculations. For example, advice fees for 12 month FTA would be calculated using 366 days. The fee can be calculated based on the value of your account and/or a fixed dollar amount for the period. You can agree on the amount of this fee, up to:

- flat percentage fee of up to a maximum of 2.2% per annum (inclusive of GST) of your account balance (calculated daily), or
- tiered percentage fee up to a maximum of 2.2% per annum (inclusive of GST) to apply at different account balance (calculated daily) subject to a maximum of 7 tiers, and/or
- flat dollar fee of up to a maximum of \$18,000 per annum (inclusive of GST).

The amount of this fee is calculated based on your daily balance and/ or the number of days in Expand Essential and is deducted from your Cash Account on the last day of each calendar month. For example, on an average monthly account balance (over 12 months) of \$50,000, we would pay the financial adviser up to a maximum of \$1,100 per annum (based on a Advice Fee – FTA of 2.2% per annum) (inclusive of GST). Where a fixed term starts or ends partway through a month, the fee will be proportioned based on the number of days in the month.

Note:

- You cannot elect to have an Advice Fee – Ongoing at the same time as an Advice Fee – FTA. Your account can only have one active FTA at any time.
- You must sign the FTA within 90 days of the start date, and the FTA must be received within 90 days of the date signed.
- The FTA start date cannot be backdated, as such if the start date is prior to the processing date, then the FTA will start on the date that it is processed.
- If you choose to pay an Advice Fee – FTA as a single payment, the total fee for the agreed term is deducted upfront from the Cash Account at the end of the first calendar month. Where the arrangement is cancelled early by us or on instruction by you or your financial adviser, a refund for the unused period will be recovered from your adviser at that time and credited to your Cash Account.

### Advice Fee – One-Off

You can agree to a One-Off Advice Fee. This amount is charged by us and we deduct the cost from your account. We then pay the full amount to the financial adviser for one-off financial advice and services provided in relation to your account. The amount of this fee can be up to:

- a maximum of 10% of the account balance up to a fee of \$11,000 (inclusive of GST), or
- a maximum of \$3,300 (inclusive of GST) where the fee is greater than 10% of the account balance.

A new request must be supplied each time you wish this fee to be applied.

**i**

**Important note:** Asset-based fees cannot be charged where geared or borrowed funds have been used to invest. This means a percentage-based Advice Fee (such as the ongoing fee) cannot be charged where you have borrowed funds through a margin lending facility. This restriction also applies where any other borrowed funds have been used to invest, in any form.

### What happens if NAL does not receive consent to continue fees?

If you have an Advice Fee on your account (excluding Advice Fee – One-Off) and either you do not provide your consent to continue the fee, or do not apply for a new Advice Fee – FTA before the expiry of your current fee, NAL will terminate the arrangement. NAL may also seek to confirm with your adviser as to whether they are still providing services to you. Should your adviser either confirm no further services are to be provided, or does not provide NAL with any confirmation, we may remove your adviser's access to your account.

### What happens if I change my mind in relation to an Advice Fee?

Should you wish to revoke your consent to the deduction of any fees, please contact us and/or your adviser to terminate the fee arrangement. Note this will prevent any further deduction of Advice Fees from your account after the consent has been revoked, but does not reverse any fees paid before revocation. We may also confirm with you or your adviser whether to remove the adviser's access to your account. Accrued but undeducted fees may be deducted from the account.

## Other fees and costs

### Corporate notices

As your investment options are held by the Custodian on your behalf, we receive all communications, such as, corporate notices, annual reports.

You may at any time request to provide you with copies of any such communications. If you elect to receive any such communications, we may charge you a reasonable fee for providing the communications.

### Dishonour Fees

If any direct debit transaction from your nominated account with a financial institution is returned unpaid or your cheque is dishonoured, we are entitled to pass on to you any fees associated with the dishonour. This fee will be deducted from your Cash Account at the time of the dishonour.

### Low account balances

If there are insufficient funds in your account to pay the fees and costs due in any month, partial payment may be deducted from your account. Where a fee paid to a third party cannot be deducted, no further fee will be paid until there are sufficient funds to meet the fees. Fees not paid to a third party due to a low account balance will not be recovered by the Service Operator. We will waive any Administration Fee or Account Keeping Fee that cannot be deducted due to a low account balance.

Where there are insufficient funds to pay fees and costs, fees will be deducted in the following order: Account Keeping Fee, Administration Fee, Advice Fees, and SMA related fees and costs.

### GST and taxes

The fees quoted in this section are inclusive of GST, less any applicable RITCs, unless otherwise stated. The benefits of any available input tax credits are passed on to you in the form of reduced fees or costs. See the 'How your investment account is taxed' section of the **General Reference Guide**.

### Netting

We often buy and sell units in a managed investment on the same day. We intend to deal as a net buyer or net seller of units on any given day. As a result, no transactions may need to be made at all to give effect to your investment instructions. However, you will still receive the prevailing sell or buy price applied to your particular investment transaction. We are entitled to retain any benefit that may arise from the netting of transactions.

## Fund manager payments

We may receive a fee from the fund managers of certain investment options for administration and investment related services. The fees for arrangements are in line with government reforms and will be charged on a flat dollar basis but may vary between fund managers. They are an administration-related fee retained by us and are not an additional cost to you.

### Managed investment rebates

Some fund managers provide a rebate on the management fee for some of the investment options which they issue, which we pass entirely back to your Cash Account typically monthly or quarterly, depending on the frequency set by the fund manager. In general, your entitlement to the rebate is determined by the fund manager and will be based on your holding of the managed investment at the payment date of the rebate. However, where you instruct us to close your account prior to us processing the rebate, you will not be entitled to that rebate and it will be passed onto other investors who hold that investment option.

Rebates may change or cease to be offered without prior notice to you. Rebates may also be applicable to the managed investments within your SMA Model Portfolio. These will be paid to the cash account managed by your SMA Model provider.

### Alteration to fees

In certain circumstances, where it is reasonable for us to do so, we may alter the fees and costs applied to your account (subject to law). However, before doing so, we will provide you with 30 days' notice of any change (subject to law). We also have the right to introduce new fees. External cost pressures such as increased regulatory complexity and the introduction of new or improved investor services are but two of the circumstances that may give rise to an increase in fees and other costs.

## How to open an account

Your financial adviser will be able to complete an online application on your behalf. Once your application has been submitted, your account number will be generated, instantly.

You are only able to open an Expand Essential Investment account if you have a financial adviser.

### Cooling-off period

A cooling-off period applies, but only on your initial investment into Expand Essential Investment. You have 14 days from the earlier of when you receive our welcome letter or five business days after we establish your account to decide if Expand Essential Investment is right for you. If you wish to exercise your cooling-off rights, you must give us written notice (either by letter or email). In this case we will not charge any of the fees and other costs that we are permitted to charge in accordance with this Offer Document.

If your investment options include restricted investments, or other services there may be penalties or fees charged by the fund managers or service providers for early redemption or the cooling-off period may not apply. These investment options may also have withdrawal conditions imposed by the fund managers that may delay the return of your initial investment.

The amount returned will be adjusted for any market movements in your managed investments (up or down) until the day we receive notice that you are exercising your cooling-off rights. We will not refund taxes and reasonable transaction or administration fees and costs incurred by us in issuing your investment (excluding the payment of any Advice Fee or similar fee).

Therefore, the amount you receive in return may be more or less than the initial amount invested.

### Anti-Money Laundering and Counter- Terrorism Financing (AML/CTF Act) requirements

We are required by law to carry out proof of identity procedures for investors opening an investment account in Expand Essential Investment. These requirements arise under the *Commonwealth Government's Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (AML/CTF Act).

We are also required to carry out proof of identity procedures for persons completing forms in relation to Expand Essential Investment on the investor's behalf, such as a Power of Attorney or appointed Guardian for an investor.

Where you have not already provided us with appropriate identification, we will be required to collect customer identification information and to verify it by reference to a reliable independent source. You will be notified of these procedures when you request a cash withdrawal (if eligible). We may also be required to collect customer identification at other times. You must provide us with all information and documentation we reasonably require in order for us to:

confirm your identity or the identity of any other person related to the account or service; to manage our money laundering, terrorism; financing or economic and trade sanctions risk; comply with any laws in Australia or any other country. If you do not provide the information or we are unable to verify the information, payment of benefits may be delayed or refused.

Further information on AML/CTF requirements can be found in the **General Reference Guide**.
