Investment Instruction

Please complete these instructions in BLACK INK using CAPITAL LETTERS and ✓ boxes where provided.

Use this form to:

- switch between existing investment options or re-weight your investment portfolio;
- change your Standing Instructions; or
- set an Automatic re-weight instruction to your portfolio.

Please note that when changing investment options you will not necessarily have the most recent product disclosure statement for that investment option and accordingly may not have information about material changes and significant events affecting that investment option. You can obtain a product disclosure statement from **myexpand.com.au** or your licensed financial adviser. To ensure the investment option selections are listed correctly please add the APIR code along with the name of the investment option. Please refer to the **Expand Essential Investment Menu** for available APIR codes.

Some investment options can only be purchased where you have a financial adviser. Please refer to the **Investment Menu** for further details.

Any investment redemptions will be done in accordance with your existing tax optimisation method. To view and update your chosen method, please speak to your financial adviser or log into Expand Online.

Term Deposits (maturing investments) and Exchange Traded Funds (listed investments) have now been added to the Expand Essential + Investment Menu. Additional fees and costs apply when you choose to invest in these investment options. For further information please refer to the Expand Essential Super and Pension PDS or the Expand Essential Investment IDPS Guide which are available at **myexpand.com.au**. To understand if these investment options are suitable for you, you should speak with your financial adviser.

If you have a pending transaction (a redemption or purchase) currently in progress at the time we receive new instructions (Step 3: Investment redemptions, Step 4: Investment purchases or Step 6: Re-weight portfolio) it may result in a variance to your instruction and your request may not be fully completed. This may result in a balance remaining in an investment where you intended to redeem 100%.

By ticking the box below you can instruct us to wait for all pending transactions on investment options included in your new instructions to complete before we process your instructions.

☐ You acknowledge your request will not be actioned until all pending transactions on investment options included in my new instructions are completed

When not specified, we will sell all assets detailed in Step 3 and use the proceeds as per the instructions in Step 4.

Please note: Your Deposit Instruction and Cash Account preferences will not be automatically updated to reflect the purchase or redemption of a managed investment option from your account. If you want to change your Deposit Instruction and/or Cash Account preferences, please ensure you complete Steps 5 and 7 respectively.
